T LEVEL FOUNDATION PROGRAMME IN DIGITAL BUSINESS SERVICES

ARE YOU READY FOR THE NEXT LEVEL?
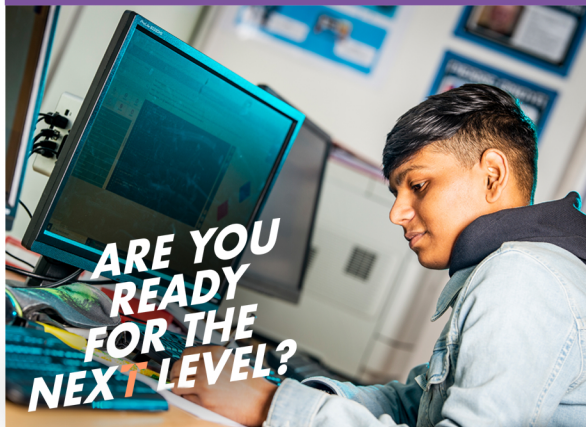

COURSE OVERVIEW

This course is design to aid progression onto the Level 3 T-Level in Digital Business Services.

The main focus of the course if data analytics and as such contained within the course is a level 2 certificate in Data Analysis. Students undertaking the course will be resitting either English GCSE or maths GCSE and this course is design to support the development of their English and Maths.

The assessment methods used mirror those used on the level 3 program and as such provide excellent preparation for the level 3 T-level in digital business services. The course includes data analytics, cyber security, programming, business context as well as many other aspects.

CAREER PROGRESSION

Once completed this course students will be able to progress onto a level 3 T-Level program or move onto an apprenticeship program.

The course is deigned to prepare you for further study of data analytics and a career into data analytics.

This is a fast growing job market with the prospects of well paid employment.
