INFORMATION TECHNOLOGY
LEVEL 1: CERTIFICATE IN EMPLOYABILITY

COURSE OVERVIEW

This course is for students who would like to develop their IT skills further and plan to work in this area in the future.

There are a number of modules you will complete: careers in computing, health and safety in computing, computer basics, programming and media content. A key part of the course is students using IT in the local community.

Students also get to
use PDAs, play WII games and other devices at college.
In addition to your course specialism, Functional Skills maths and English, Employability Skills and Personal, Social, Health and Economic Education (PSHE) are embedded within your programme of study.

At the beginning of your course you will
complete a diagnostic assessment to identify your
starting point level.

CAREER PROGRESSION

If you complete the ASDAN Short Course Computing and also complete the ASDAN COPE Level 1 Certificate you will be able to progress onto Level 2 I.T
