"I faced challenges due to my moderate learning difficulties, especially remembering and pronouncing Starbucks coffee names."

"My job coach, Dimple, provided phonetic spellings, and my team helped me to practice the pronunciation. Now, I have memorised all of the drinks."

"I enjoy making different kinds of hot drinks such as coffees, teas and hot chocolates. I can make all types of beverages that the customers ask for."

"I work well with Amanda. We take it in turns on some days to take orders and make the drinks."

"Nikhil is a great member of the team. He makes excellent hot drinks while following other instructions really well." - Amanda, team member
