How to Earn Prizes and Digital Badges

Earn key attribute digital badges and rewards by participating in enrichment activities, Phoenix + workshops, careers talks, trips, or work experience.

How to take part:

First, log into Phoenix Plus, then click Gateway College > Experiences to book yourself onto one of our enrichment activities.

Once you have attended an enrichment for a total of 5 weeks, you will unlock a digital badge. At the end of the college year, we'll enter you into a prize draw based on the number of digital badges you've earned to win Amazon gift vouchers
