Honesty
& Integrity

Gateway College is part of Better Futures Multi Academy Trust an organisation where:

- Students are active co-creators of their learning, with genuine influence over curriculum, culture and decision-making, and with the confidence, skills and agency to shape both their own futures and the communities they are part of.
- Staff operate with high levels of autonomy within clear parameters, experience strong trust and expectation, and work within a culture that prioritises continuous development, feedback and professional growth over compliance.
- The Trust is run in ways that ensure financial resilience, effective and highly regarded professional services, and decision-making that enables learning, development and good judgement rather than constraining it.
- We are able to grow in scale and reach — including welcoming new colleges and deepening collaboration — without diluting our values or ways of working, using growth to strengthen rather than stretch our capacity.
- Our partnerships, particularly with Coventry University Group, are embedded and visible — improving opportunities for students, strengthening professional learning and development for staff, and enabling the effective use of specialist expertise across finance, estates, people, digital and organisational development.

About Gateway

Gateway College was opened in 1928 as a boys' grammar/technical school and became a Sixth Form College in 1976 as part of the reorganisation of secondary education in the City of Leicester. Today the College is a mixed open access college hosting 1,300 full time students, mostly aged 16–19, and with an annual turnover of £6.5 million.

The College moved from Leicester city centre to a new 12 acre purpose built site in Hamilton, situated 3 miles to the north east of the city, on the borders of Leicestershire in August 2009. In April 2020 Gateway became one of three founding members of the Better Futures Multi-Academy Trust (BFMAT) in association with Coventry University.

At Gateway College we pride ourselves on the special care and attention we pay to meeting the needs of each individual student, negotiating a learning programme tailored to meet their needs within an orderly and supportive environment.

The College delivers a mix of outstanding A-levels, vocational qualifications from entry level to level 3, a GCSE Maths and English programme as well as T Level qualifications. Gateway has been awarded a 'Good' grade 2 by Ofsted in March 2025. The College has also been awarded the Gold Mental Health Award for Schools, a Silver Artsmark Award and a Merit for the Eco Schools Green Flag Award.

Gateway College is a disability confident committed employer.

College Ethos

At Gateway College we pride ourselves on the special care and attention we pay to meeting the needs of each individual student, negotiating a learning programme tailored to meet their needs within an orderly and supportive environment.

We are committed to the maintenance of high standards, to the care of the individual student and to providing every student with the opportunity to do well, succeed and contribute to the wellbeing of others.

We seek to develop in our students respect for other people, their moral values and an understanding of the variety of traditions in a multicultural society.

We are proud of the quality of our environment and provision, and our responsiveness to individual needs. Our staff support this philosophy, and students and visitors to the College frequently comment on the welcoming and friendly atmosphere and the level of support and encouragement they enjoy.

College Culture

The central tenets of our college culture are mutual respect and success for all:

Students come first: First and foremost, the role of the College is to enable students to achieve their potential, and it is this belief that drives the culture and activity of the College. It is also embedded in the College's recruitment and personnel strategies and is expected that anyone who joins the College will share this philosophy.

All staff employed at the College are team players: Whilst every member of staff has a specific role to fulfil, their ability to do this successfully will depend to a large degree on their ability to:

- co-operate with others,
- lead by example
- support colleagues in whatever way is appropriate
- seek support when this is necessary to enable them to fulfil their role.

The extent to which individuals can work with others is a critical determinant in their appointment to the College.

Gateway College seeks employees who:

- care about the success of students and enjoy working with them
- set high standards for themselves and seek them in others
- are team players, with the ability to be a member of several teams
- enjoy challenges and working in a busy environment
- are totally professional and take pride in their work
- have excellent interpersonal skills and are good communicators
- demonstrate a can-do attitude
- want to work in a student-focussed environment

We only wish to employ people who continuously seek to improve the standards of the education and services we offer and who want to make a difference to the lives of young adults.

The Curriculum

Gateway offers a wide variety of courses leading to a range of qualifications and industry placements from entry level to level 3 (vocational, advanced and technical 'T Level' qualifications).

Internal progression to level 3 is offered by a full range of options at entry level and levels 1 and 2. A large proportion of our students undertake GCSE resits in English and or maths whilst they are with us to support their progression. We also offer Project Search for students who seek 'on the job' experiences that may lead to employment.

All A Level results are above the national average across all subjects (2025 results)

Gateway achieved higher grades, a greater progression from level 2 to level 3 and saw more students off to university and higher apprenticeships (2025 results)

Results for English GCSE and Maths GCSE are in the top 10% of the country nationally (2025 results)

The College also caters for students with learning difficulties and disabilities (LLDD) and provides a specialist centre for physical care and support. These students are integrated across a full range of courses and are supported by an effective team of Education Care Support Workers (ECSW).

For more information about the curriculum go to the 'Courses' section of the website: www.gateway.ac.uk

Pastoral Care

Gateway aims above all to be a caring community in which all students can participate fully and feel that they are valued. Emphasis is placed on self-discipline, motivation and learning. The Schools pastoral system is provided through a team of staff who are dedicated to supporting the development and positive progression of all our learners.

High standards of behaviour, work and commitment are important to us to ensure that our students are well prepared for the world of work or further study. We provide both support and challenge to ensure that our high standards are met.

Gateway prides itself on its partnerships, working with schools, employers and universities. The College is a member of the consortium of Leicester schools and colleges who have established transition arrangements for smooth progression from school to college. There is a common application system in operation across the area that is used to co-ordinate and manage student applications.

Students can also apply directly to the College and are supported throughout the admissions process.

Leadership & Management

The College's Executive Team is led by the Principal and supported by the Deputy Principal and three Assistant Principals.

The College's curriculum is currently organised into five departments with each area led by a Head of Department (HoD) supported by

Pastoral care is managed by the Head of the Student Experience Team (SET), supported by Pastoral Leads and Pastoral Mentors.

Corporate Services support the curriculum and are provided by specialist teams such as Finance, MIS, IT Services and Student Services.

Quality

Gateway College strives to embed a culture of continuous improvement for students and staff alike.

The College was awarded a 'Good' grade 2 by Ofsted in March 2025 following a significant restructure and improvements made after a challenging inspection in 2016.

We have seen an increase in our pass rates and high grades across our A-level and Level 3 provision alongside an increase in our achievement rates, showing that not only are more students successfully completing their qualifications, they are also achieving better grades in the process.

The basis of the College's quality system has been reinforced as a process of review at all stages in the learning process and planning cycle. A systematic approach has been adopted to the collection of evidence on which to base judgements about performance throughout the organisation. Internal and external benchmarking has been applied in all of the curriculum areas. Challenging but attainable target setting, action planning, training and development, and monitoring are consequential activities that support and underpin improvement.

Students are encouraged to play a role in the review process, and their views help to formulate the College's plans for improvement. The learner voice is important to us and various strategies are used to hear and respond to student feedback.

We are proud to be a part of our local community, inspiring young people to achieve their very best.

Students are given meaningful choices

Application

Students apply knowledge to new, unfamiliar contexts and make connections across subjects.

Reflection

Learners identify how learning has (or hasn't) occurred and adapt accordingly.

Co-creation

We work together to shape learning, using feedback as a resource to drive improvement.
