

Jack Clarke – Community Governor

I currently work as a financial adviser but have previously also worked within the legal sector. I studied law at university, completing my undergraduate degree in 2020 and my master's degree in 2021 at De Montfort University in Leicester. Since then, I have undertaken further qualifications within the finance sector - specifically a Diploma in Regulated Financial Planning (2025) and a Certificate in Mortgage Planning (2026). As a result, I'm very passionate about education as a means for personal development and social mobility.

As part of my job, I have worked with many people within the education sector. This, combined with my wife being a teacher, is what motivated me to consider becoming a governor. I have always lived in Leicestershire, so I see great value in being able to give back to the community in Leicester by volunteering as a Community Governor at Gateway College.
